

# RONNEL DARYL RONTOS

Full Stack Software Developer | IT Support

Rodriguez, Rizal | 09928137915 | ronneldarylrontos@gmail.com

## PROFESSIONAL SUMMARY

Full Stack Software Developer with experience in web application development, business process automation, and L1–L2 technical support. Built scalable applications using Django and PostgreSQL, while previously managing VLAN segmentation, LAN troubleshooting, and hardware/software diagnostics. Strong in backend logic, API integration, and responsive UI development.

## TECHNICAL SKILLS

- Backend: Django (Python), PostgreSQL, CodeIgniter (PHP), MySQL
- Frontend: JavaScript, jQuery, AJAX, HTML5, CSS3, Bootstrap
- API: REST API Design, Axios
- Networking: VLAN (D-Link), LAN Troubleshooting, Network Segmentation
- Tools: XAMPP, Git/GitHub, VS Code, pgAdmin

## PROFESSIONAL EXPERIENCE

### Full Stack Web Developer – Exponential Technologies (Apr 2025 – Jan 2026)

- Developed and maintained accounting software using Django and PostgreSQL.
- Designed and integrated REST APIs for frontend-backend communication.
- Built responsive UI features using JavaScript, jQuery, AJAX, and Bootstrap.
- Optimized database queries for financial transaction processing.

### IT Assistant / L1–L2 Technical Support – Antz Insurance (Feb 2022 – Apr 2025)

- Provided L1–L2 technical support for hardware and software issues.
- Diagnosed and repaired workstation hardware (RAM, storage, peripherals).
- Configured VLANs using D-Link switches and managed LAN connectivity.
- Developed internal automation systems using CodeIgniter, MySQL, JavaScript within XAMPP.

## PROJECTS

- Accounting Software Platform (Django + PostgreSQL + Axios)
- Business Process Automation System (PHP + CodeIgniter + MySQL + XAMPP)
- Akronpeak.com (PHP, HTML, CSS, Bootstrap, JavaScript, jQuery)

## EDUCATION

Bachelor of Science in Computer Science – Asian Institute of Computer Studies (2017 – 2021)
